ESCAPE

FERTILISER ADJUVANT

ESCAPE IS A SPECIALIST FERTILISER ADJUVANT DESIGNED TO ENHANCE THE UPTAKE OF CALCIUM NITRATE FERTILISERS APPLIED DURING DORMANCY INTO BUDS OF DORMANT DECIDUOUS CROPS. APPLICATION WILL ASSIST WITH NITROGEN DRIVEN PLANT GROWTH THAT OCCURS PRIOR TO BUDBREAK.

grochem

Active Ingredient: 270g/L Decanol Alkoxylate, 4% Calcium (as nitrate), 19% Nitrogen (as nitrate)

ESCAPE

Harmful if swallowed.
Causes serious eye damage.

24-Hour Emergency Telephone Number – for advice contact the National Poisons Centre – 0800 POISON (0800 764 766) – or a doctor, immediately.

For specialist advice in an emergency only, call 0800 CHEMCALL (24hrs) or 0800 243 6225.

In a transport emergency dial 111.

If medical advice is needed, have product container or label at hand.

FIRST AID:

IF SWALLOWED: Immediately call a POISON CENTRE/doctor. Rinse mouth.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

STORAGE & HANDLING: Store in original container tightly closed and in a locked, dry, cool, well ventilated area, away from foodstuffs. Avoid direct sunlight and temperatures below 5°C and above 35°C. Storage must be generally in accordance with NZS8409:2004 Management of Agrichemicals. Wear protective gloves/protective clothing including eye/face protection and suitable respirator. Wash hands, face and all exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product.

SPILLAGE: Wear protective clothing and prevent material entering waterways. Absorb spill with inert material and place in waste containers. Wash area with water and absorb with further inert material. Dispose of waste safely in an approved landfill.

DISPOSAL: Dispose of this product only by using according to the label, or at an approved landfill, or another approved facility. Avoid contamination of any water supply with product or empty container. Triple rinse empty container and add rinsate to spray tank. Recycle at an appropriate recycling depot (eg Agrecovery).

SAFETY DATA SHEET: A Safety Data Sheet (SDS) for Escape is available from www.grochem.com or Grochem on request.

CONDITIONS OF SALE: Grochem®, a brand of ADAMA New Zealand Limited (Grochem) will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply of these goods other than the responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by the Statutes applicable to the sale and supply of these goods. To the extent allowed by such Statutes the liability of Grochem is limited to the replacement of the goods or (at the option of Grochem) the refund of the price paid and is conditional upon a claim being made in writing and where possible sufficient part of the goods to enable proper examination being returned to Grochem within thirty days of delivery.

Approved Pursuant to the HSN0 Act 1996, under the Fertilisers (Subsidiary Hazard) Group Standard HSR002571. See www.epa.govt.nz for approval conditions.

DIRECTIONS FOR USE

APPLICATION:

- Shake container to ensure good mixing.
- Ensure good coverage of entire tree or vine.
- Apply under overcast conditions, or early morning for slower drying to enhance uptake. Avoid application in full sun and fast drying conditions.
- Recommended application is given in days prior to natural anticipated budbreak in the table below.

Unpredicted or unseasonal changes in weather conditions after application may result in unpredictable results and or phytotoxicity. Effects of use under protected cropping situations may also vary.

Application earlier than recommended in table may reduce efficacy. Application later, may result also reduce efficacy, and may also cause phytotoxicity.

Ensure complete and even coverage of the entire tree or vine.

DO NOT use with any other fertiliser materials other than Calcium Nitrate.

DO NOT tank mix with any other product except Calcium Nitrate. If foam is an issue a low rate of Antifoam A may be added to the tank.

DO NOT apply to trees or vines under 4 years of age.

DO NOT apply in the same season as any dormancy breaking product.

DO NOT apply mineral oil, copper or zinc containing fungicides or fertilisers in the 30 days prior to Escape DO NOT apply mineral oil until 7 days post application.

Avoid spray drift to neighbouring crops – the combination of Escape and Calcium Nitrate may be phytotoxic to actively growing plants or other crops. DO NOT apply to sick, weak or stressed plants, or those with poor lignification as damage may occur.

DO NOT apply to pears.

DRYING TIME: Minimum 30 minutes prior to rain.

New varieties or cultivars may give varying results. Prior to extensive use, treat small areas to determine effect.

	Rate/100L water	Rate Calcium Nitrate/100L water	Recommended water rate/ha at full canopy	Application days prior to natural budbreak
Kiwifruit – Hayward	6L	8kg	1000L	45
Kiwifruit - Gold	6L	12kg	700L	45
Apple	5L	10kg	700–1300L	35
Grapes	6L	20kg	300L	60
Cherry	5L	10kg	500-1300L	45
