ANTIFOAM-A™

WARNING: Causes serious eye irritation.
Harmful to terrestrial invertebrates.

SAFETY DATA SHEET: A Safety Data Sheet must be available for quantities of 50L or more. A Safety Data Sheet is available from Grochem or www.grochem.com

STORAGE AND TRANSPORT: Store in a cool place away from foodstuffs. Keep from freezing. Do not carry more than 2.5L on a passenger service vehicle.

HANDLING ADVICE: Read carefully and follow all instructions. Wash face, hands and all exposed skin thoroughly after handling. Wear protective gloves/protective clothing including eye/face protection and suitable respirator. Avoid release to the environment.

DISPOSAL: Dispose of product by using as directed on this label or at an approved landfill. Triple-rinse empty container into the spray tank, and deliver to an Agrecovery collection depot.

FIRST AID: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If eye irritation persists, or if concerned or unwell, get medical attention/advice. If medical advice is needed, have product container or label at hand.

24-hour Emergency Telephone Number
— For advice contact the National Poisons Centre — **0800 POISON (0800 764 766)**
— or a doctor, immediately. Have product container or label at hand.

For specialist advice in an emergency only, call CHEMCALL (24hrs) 0800 243 6225. In a transport emergency dial 111.

CONDITIONS OF SALE: Grochem®, a brand of ADAMA New Zealand Limited (Grochem) will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply of these goods other than the responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by the Statutes applicable to the sale and supply of these goods. To the extent allowed by such Statutes the liability of Grochem is limited to the replacement of the goods or (at the option of Grochem) the refund of the price paid and is conditional upon a claim being made in writing and where possible sufficient part of the goods to enable proper examination being returned to Grochem within thirty days of delivery.

Approved Pursuant to the HSNO Act 1996, Additives, Process Chemicals and Raw Materials (Subsidiary Hazard) Group Standard 2020, No HSR002503. See www.epa.govt.nz for approval conditions.

DIRECTIONS FOR USE

Antifoam 'A' is an aqueous emulsion of a polydimethylsiloxane fluid for use as an antifoam agent in agricultural spray systems. It is a free flowing ready to use liquid that may be added before or after foaming occurs.

Antifoam 'A' should be added directly to the spray tank. The amount to use varies with the chemicals being used but will usually be 10-100mls/100L of water. For most applications the lower rate will be satisfactory and it is recommended that the 10mls/100L rate is initially tried for all applications and that this is increased only as necessary.
