FERTIGATE-O

FERTILISER

FULLY SOLUBLE HIGH POTASSIUM FERTIGATION POWDER.

grochem

CONTAINS: Nitrogen 6.2% (as nitrate and ammonium salt), Phosphorus 5.3% (as phosphate), Potassium 29.9% (as phosphate, sulphate and nitrate), Sulphur 8.3% (as sulphate), Magnesium 1.6% (as sulphate), Iron 0.07%, Manganese 0.04%, Zinc 0.02%, Copper 0.01%, Boron 0.02% (as Boric Acid 1.2%), Molybdenum 0.003% (as molybdate) as water soluble powders. Copper, Iron, Manganese and Zinc are chelated to ensure rapid plant availability.

**PLEASE READ LABEL AND SAFETY DATA SHEET COMPLETELY BEFORE USE
THIS PRODUCT MUST NOT BE USED FOR ANY PURPOSE OR ANY MANNER
CONTRARY TO THIS LABEL.**

WARNING: May intensify fire, oxidiser. Causes serious eye irritation. Suspected of damaging fertility or the unborn child. Harmful to terrestrial vertebrates.

DO NOT eat, drink or smoke while using this product. Wash exposed skin thoroughly after handling. Wash contaminated clothing before reuse, contaminated work clothing should not be allowed out of the workplace. Wear protective gloves, clothing and eye equipment. Keep away from heat/sparks/open flames/hot surfaces. Keep/store away from clothing/combustible materials. Take any precaution to avoid mixing with combustibles. Avoid release to the environment. DO NOT handle until all safety precautions have been read and understood.

FIRST AID: If exposed or if you feel unwell: Call a POISON CENTRE or doctor/physician.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

24-hour Emergency Telephone Number – For advice contact the National Poisons Centre – 0800 POISON (0800 764 766) – or doctor, immediately. Have product container or label at hand.

For specialist advice in an emergency only, call 0800CHEM CALL (24h 0800 2436225). For transport emergency dial 111.

IN CASE OF FIRE: Use water fog (or if unavailable fine water spray), alcohol resistant foam, standard foam, dry agent (carbon dioxide, dry chemical powder) to extinguish.

CONDITIONS OF SALE: Grochem®, a brand of ADAMA New Zealand Limited (Grochem) will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply of these goods other than the responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by the Statutes applicable to the sale and supply of these goods. To the extent allowed by such Statutes the liability of Grochem is limited to the replacement of the goods or (at the option of Grochem) the refund of the price paid and is conditional upon a claim being made in writing and where possible sufficient part of the goods to enable proper examination being returned to Grochem within thirty days of delivery.

Approved Pursuant to the HSNO Act 1996 under the Fertilisers (Oxidisers 5.1.1) group standard No. HSRO02570. See www.epa.govt.nz for approval conditions.

DIRECTIONS FOR USE:

DIRECTIONS FOR USE: Fertigate O is formulated as a balanced feed for use in establishing young seedlings. The ratio is suitable for situations where plant stature and hardness is required over extension growth. Fertigate O is suitable for use on seedling plugs. Use throughout growing period or during the latter part of the growth cycle and is particularly suitable as a booster prior to planting out. To dissolve, add the fertiliser to the water at a maximum concentration of 1kg per 4 litres of water, and stir until dissolved. The use of hot water speeds up the process.

DIRECT TANK FEED: For a 100ppm solution of Fertigate O, dissolve 1kg of Fertigate O and dilute to a final volume of 1000L with water. Alternatively, dissolve a 10kg bag of Fertigate O and dilute to a final volume of 10,000L with water.

INJECTION: For an injection ratio of 100:1, initially dissolve 10kg of Fertigate O and dilute to a final volume of 100L prior to injection.

FEATURES: Fully soluble; chelated trace elements; no precipitation or nozzle blocking; buffered.

SAFETY DATA SHEET: A Safety Data Sheet should be available at all work places where Fertigate O is stored or used (available from Grochem or www.grochem.co.nz).

STORAGE AND TRANSPORT: Store locked up in original container tightly closed in a locked dry, cool, well ventilated area away from foodstuffs. Stores containing 500kg or greater require fire extinguishers. Stores containing quantities of 100kg or greater require a location certificate. Stores containing quantities of 1000 kg or greater require signage and an emergency response plan. Do not carry more than 5 kg on a passenger service vehicle.

SPILLS: Wear appropriate protective clothing and prevent material from entering waterways. Absorb spills with inert material and place in waste containers. Wash area with water and absorb with further inert material. Dispose of waste safely, according to local council regulations.

DISPOSAL: This product should be disposed of by use in the manner described on the label, or by depositing it in an approved landfill. Dispose of empty packaging by recycling with an approved recycling programme such as Agrecovery.
