#### DIRECTIONS FOR USE

For brush application to pruning wounds and grafting sealant on grapes, ornamental trees and pip and summer fruit to reduce the incidence and extent of fungal invasion. For control of European Canker in pipfruit, Silver Leaf in pip and summerfruit, Eutypa lata, Botryosphaeria Dieback and Petri Disease on grapes.

1. Shake thoroughly before use.
2. Never thin with water as product will not work.
3. Apply thickly to dry wound surface or graft union with paint brush or applicator pack on the same day the pruning cut or graft is made.
4. DO NOT apply to grafting wound before taping or if union is not perfect, or the BARRIER may penetrate the union and prevent the graft from taking.
5. DO NOT apply to wounds or cuts showing extensive brown staining.
6. Apply only to plant wounds during the dormant period.
7. DO NOT use on grapevines during the growing season (start of flowering to end of harvest).
8. Apply on fine, sunny, windy days - not on wet, foggy days as product will not dry.
9. Large wounds (> 50mm diameter) on a main trunk would benefit from a second application.
10. Brushes should be washed out in water after use.
11. Reseal container after use to prevent skin formation.

**It is an offence to use this product on animals. It is an offence for users of this product to cause residues exceeding the relevant MRL in the Food Notice: Maximum Residue Levels for Agricultural Compounds. Sheep grazing withholding period in vineyards: 1day.**

#### RESISTANCE MANAGEMENT

GROUP **3** FUNGICIDE

BARRIER contains tebuconazole, a Group 3 fungicide with a demethylation inhibitor mode of action. Resistance to BARRIER and similar products could develop in some disease situations from repeated use of the product. To minimise this risk, use strictly in accordance with label instructions.

#### CONDITIONS OF SUPPLY

Grochem®, a brand of ADAMA New Zealand Limited (Grochem) will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply of these goods other than the responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by the Statutes applicable to the sale and supply of these goods. To the extent allowed by such Statutes the liability of Grochem is limited to the replacement of the goods or (at the option of Grochem) the refund of the price paid and is conditional upon a claim being made in writing and where possible sufficient part of the goods to enable proper examination being returned to Grochem within thirty days of delivery.

**READ LABEL BEFORE USE:** When stored appropriately, this product should show no significant degradation for 2 years from the date of manufacture (D.O.M.). Contact your supplier for further information about the use of any product that is older than this.

**Hazard Statements:** Suspected of damaging fertility or the unborn child. Harmful to aquatic life with long lasting effects. Avoid release to the environment.

**PRECAUTIONS:** Avoid contact with eyes. When mixing or applying, wear waterproof gloves. Wash hands and exposed skin after handling and before eating or smoking.

**STORAGE:** Keep out of reach of children. Store in original container, tightly closed, away from food stuffs. Do not allow product to freeze. Store in accordance with current version of NZS8409.

**SPILLAGE:** Absorb with inert material, e.g. vermiculite, soil. Collect in labelled container that can be sealed for disposal to landfill.

**DISPOSAL:** Use product as per label instructions or bury in landfill. Dispose of empty container to landfill or recycle with an approved recycling scheme eg Agrecovery. Avoid contamination of any water supply with chemical or empty container.

**FIRST AID:** If medical advice is needed, have product container or label at hand. If exposed or concerned: Get medical advice/attention.

**24-hour Emergency Telephone Number – for advice contact the National Poisons Centre – 0800 POISON (0800 764 766) – or a doctor, immediately.**

**IF SWALLOWED:** Call a POISON CENTER or doctor/physician if you feel unwell.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If eye irritation persists, get medical advice.

**IF ON SKIN:** Wash with plenty of soap and water. If skin irritation persists, get medical advice. Wash contaminated clothing before reuse.
